SUMMARY

Detail-oriented Full Stack Web Developer with hands-on experience designing and building scalable, high-performance web applications. Proficient in modern technologies including React, Next.js, Node.js, Express.js, MongoDB, and TypeScript. Currently working at Polosys, leading the development of a customer support ticketing system that enhances issue tracking and workflow automation. Previously interned at Synnefo Solutions, where I contributed to full-stack development, REST API integration, and backend optimization. Dedicated to writing clean, maintainable code and continuously expanding technical expertise.

WORK EXPERIENCE

Web Developer

Polosys, Kinfra, Kakkanchery   **April 2025 – Present**

- Developed responsive, high-performance UIs for a customer support ticketing system using React, Next.js, and TypeScript.
- Integrated RESTful APIs for real-time updates and seamless backend communication.
- Optimized performance by reducing bundle size, refactoring components, and improving rendering logic.
- Collaborated with UI/UX designers to implement intuitive, pixel-perfect interfaces.
- Built reusable components and followed Git workflows to ensure scalable, maintainable code.

EDUCATION

Bachelor of Computer Applications (BCA)   **2021 - 2024**

MES Kalladi College, Mannarkkad (2021 – 2024)

- Relevant coursework in Software Development, Database Management, and Web Development.

PROJECTS

Magic Mirror

- A smart mirror application that displays real-time data such as weather, news, and calendar events.
- Technologies Used: JavaScript, Node.js, Express.js, MongoDB, HTML, CSS
- Outcome: Created a functional and visually appealing smart mirror application.

TECHNICAL SKILLS

- Programming Languages: HTML, CSS, JavaScript
- Frameworks & Libraries: React, Node.js, Express.js
- Database Management: MongoDB
- Version Control: Git
- Specializations: Full Stack Development, Backend Development, Web Development, RESTful API Design

ADDITIONAL INFORMATION

- Languages: English (Fluent), Hindi (Fluent), Tamil (Intermediate), Malayalam (Native)
- Technical Skills: Web Development, Backend Development, Full Stack Architecture, REST APIs
- Open to learning new technologies and contributing to impactful projects.
- Strong commitment to delivering high-quality software solutions.
